COMMON SENSE

Leads most intelligent people to use only meddines of known composition. There

Leads most intelligent people to use only meddines of known composition. Therefore it is that Dr. Pierce's medicines, the makere of which print every ingredient entering two hem upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dt. Pierce's medicines is open to everybody Dr. Pierce being desirous of having the search light of investigation turned fully upon his formule, being contachn that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak

tions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a therough and fair trial. IDon't expect miracles. It won't do supernatural inings. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The lagredients of which Dr. Pierce's mediches are composed have the inqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. lay, or non-professional, testimonials, sey are not given away to be experimed with but are sold by all dealers in dicines at reasonable prices.

BRIDGE DAMAGED.

The bridge in course of construction by the Cincinnati Southern Railway over the Ohlo at Cincinnati was damaged Sanday by the explosion of two sticks of dynamite and the building of new spans may be necessary. The force of the explosion wrenched the girders considerably, and only an expert examination can determine the exact amount of damage.

Authorities investigating the incident declare that the explosion can be laid at the doors of union men and a group of anarchists, who have become active in Ciccinnati Istely. The structure has been built with nonunion labor, and the officials in charge have received several warnings that something would

The explosion occurred at a time set for the arrival of an Inspection party, including at least 50 prominent men of Cincinnati. The road is owned by the city, and a tour of inspection over road improvements and bridges had been planned.

The sticks of dynamite were placed on the girders, and two 50-foot fuses were

The inspection party was delayed, and did not arrive at the scene until

half an hour after the explosion.

After the explosion one of the watchmen saw three men run away from the scene. He called to them to stop, but they kept on, and the watchman fired three shots. However, the men es-

A man close to an anarchist society in Circinnati told the investigators that an agreement had been made with union men, but further information was with-

MINISTER ATTACKS CARNEGIE. Speaking from the same pulpit in which he praised John D. Rockefeller last Sunday, Alexander Irvine, a soe'a'ist and lay preacher, bitterly attacked Andrew Carnegie in a sermon at the Church of the Ascension in New York Sunday night. The address was principally in the form of an answer to what Mr. Irvine styled Mr. Carnegie's criticism of socialism in one of his books,

To give strength to his remarks, the speaker quoted from the Pittsburg Survey a compilation of statistics gathered under the direction of Rev. Edward T. Devine, of New York, who studied Pitteburg's social conditions under the provisions of the will of Russell Sage created a fund for such work.

"Mr. Carnegie," said the speaker, "scatters libraries broadcast for the workingmen, but works his laborer twelve hours a day so that they won't have time to read the books. The Pittsburg Survey tells us that unions have been killed off practically in Pitts-And the same authority tells us works of the same grade as their fellowworkers in the Pennsylvania coal mines get 40 per cent less in wages. There are 17,000 men in the Carnegie plants, yet only 120 work eight hours a day, seven days a week."

BURNED HUSBAND TO DEATH.

During a dricking boat in their home in Wilmington, Del., Sunday night, Mr. and Mrs. John Sharon began to quarrel. The woman poured oil over the clothing of her husband, then set fire to it and the man was so badly burned that he died yesterday. Mrs. Sharon was arrested on the charge of murder. Sharon and his wife were intoxicated and the man said something that angered his wife. She then converted him into a human torch and he ran into the yard and fell, enveloped in flames. A policeman rushed in and extinguished the flames, but he, too, was badly burn-ed. Mrs. Sasron was not informed of her husband's death until yesterday afternoon, when she had come to her normal senses, and then she collapsed. She bersted the police for not taking her to her dying husband's bedside, saying she wanted to bid him good-by.

Bad Attack of Dysentery Cured "An honored citizen of this town was suffering from a severe at ack of dysentery. He told a friend, if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarroes Remedy, he felt confident of being cured, be having told that I kept it in stock and lost no time in obtaining it, and was promptly cured" says M. J. Leach, druggist, of Wolcottt, Vt. For sale by W. F. Oreighton & Oo., and Richard Gibson. used this remedy in the west. He was
